Medal Winners

The winners of medals for last term's advanced art classes have finally been selected.

The Alexander medal, for fine draftsmanship in elementary representation, will be awarded to Charles Biro. Charles is continuing his art in High school, and will probably take up art seriously after graduating.

The St. Gaudens medal, for proficiency in elective art work, will be presented to Sven Hopp. She has decided to continue art at Pratt Institute, after graduating from High school.

The winners have not been formally announced, but, according to Miss Bobertaid, chairman of the art department, the announcement will be made at assembly, in the near future.

FOXY GRANDPA

CREETINGS!

For lack'n upon mad fool of "prop"
Be careful now and watch your step.
Because of what you see, and what you don't
For "Grandpa" has access to secret
And what you're thinking, you'll always find
He's bound to be more ahead of you!

HARRY "A" FRENLER

"Happy days are here again"

Laughable, lovable "Foxy Grandpa", whose antics have amused countless thousands since the earliest appearance some 50 years ago, is again in the limelight. The sly old fellow who always managed to keep a card up his sleeve at the expense of his associates, has broken the front pages with a host of new up-to-date tricks. His Creator, Carl Edouarden, finds real humor in TV, once more is synchronizing the popular cartoon. Harley Iglehart, under the pen name of "Stanley", in fact takes credit for using the youthful and lovable Old Fox first to exhibit true showmanship in the production of this one million dollar show. After a long and patient search he has at last discovered the ideal script to enhance his talents and the history of this grand old character. He guarantees and supervises the directing of the new story and this final combination of comedy and age should keep readers enthralled with an excellent series of hilarious comedy.
